

ITS Danmark A/S

Aarhus d. 13.01.2016

Insurance of vehicles, carrier's liability and commercial liability insurance

VALID FROM 01.01.2016 til 31.01.2017

This is to certify that the insurance policies below have been taken out and are effective:

Motor Vehicle Insurance	Policy no. 620 FDE no 3473
Carrier's Liability Insurance	Policy no. 620 FDE no 3473
Commercial Liability Insurance	Policy no. 670 8020 858

The motor vehicle insurance also covers semi-trailers owned by others when they are connected/not connected to the insured tractor unit as long as the semi-trailer is in the Policyholder's custody.

The carrier's liability insurance covers the Insured's liability in pursuance of the rules of Act no. 47 of 10 March 1965 on Contracts for the International Carriage of Goods by Road (the CMR Convention). Furthermore, national transports are covered in pursuance of the rules of the CMR Convention. This also applies insofar as the Insured, as a result of such rules, is assigned a liability extending beyond what is provided for in the Danish rules and regulations in relation to carrier's liability. The insurance does not cover any liability for carriage of:

A) live animals, B) removal goods which are larger than a few lots. The insurance has been extended to cover carriage of tobacco, wine and spirits. The insurance only covers liability in relation to theft insofar as the theft occurs from a closed and locked vehicle, or from a vehicle equipped with a tarpaulin.

Yours sincerely
