### Vehicle insurance, carriers liability and general third-party liability insurance

We hereby confirm that the following insurance policies have been arranged and are in force on this date:

Motor vehicle insurance, policy no.: 620 ITD  
Carriers liability insurance, policy no.: 620 ITD  
General third-party liability insurance, policy no.: 655 576.083

The motor vehicle insurance policy cover includes third-party semitrailers when the semitrailer is attached to the insured tractor. When not attached to the insured tractor, the semitrailer is covered as long as it is in the care, custody or control of the policyholder.

The carriers liability insurance policy covers the insured's liability in accordance with the rules of Act no. 47 of 10 March 1965 on contracts for the international carriage of goods by road (the CMR Act). National transports are also covered under the rules of the CMR Act, also where these rules impose liability on the insured extending beyond the general rules and law of damages and liability of Danish law for carriers liability. The insurance policy does not cover liability for the carriage of:

- A) Live animals
- B) Removal goods of more than a few lots.

The insurance policy has been extended to cover the transport of tobacco, wine and spirits, the maximum cover being DKK 600,000 including duties, however. The insurance policy covers liability for theft only if the theft is committed from a closed and locked vehicle.

Period: 01.01.2018 to 01.02.2019
